

# Bachelor of Engineering Technology (Civil)

The Degree of Bachelor of Engineering Technology (Civil) will be delivered full time at ACK. . This Bachelor of Engineering Technology (Civil) is a degree awarded by the University of Tasmania (Australia) and is recognized by the Private Universities Council of Kuwait.

The degree follows the same syllabus and standard as the degree delivered at the University of Tasmania. This degree in Australia has a technology and practical skills flavour and is typically designed for students who have completed an Engineering Diploma.

Bachelor of Engineering Technology (Civil) graduates from ACK are qualified to work in a wide range of industries including Construction, Structural Design, Project Management, Public works, Surveying, Material testing and Environmental Science.

The ACK Bachelor of Engineering Technology (Civil) is a **two year fulltime course for students who have completed an ACK Civil and Structural Engineering Diploma and who have passed the KMA152 Calculus and Applications unit.**

Students who have undertaken related studies at an equivalent or higher level may apply for **recognition of prior learning and be given credit towards their course at ACK.**

## Units in the Bachelor of Engineering Technology (Civil) degree program:

- |                                 |  |                               |
|---------------------------------|--|-------------------------------|
| ➤ Calculus and Applications 1   | ➤ Mechanical Engineering1                      | ➤ Steel and Timber Structures |
| ➤ Calculus and Applications 2   | ➤ Geotechnical Engineering 1                   | ➤ Fluid Mechanics 1           |
| ➤ Engineering Mathematics       | ➤ Engineering Project Management and Economics | ➤ Civil Systems Project       |
| ➤ Thermal and Fluid Engineering | ➤ Programming and Problem Solving              | ➤ Concrete Structures         |
| ➤ Engineering Dynamics          |  | ➤ Transportation Engineering  |
| ➤ Civil Engineering 1           |  |                               |

## ENTRY REQUIREMENTS

Applicants must have completed an ACK Diploma of Civil and Structural Engineering with a Grade Point Average (GPA) of 2.67 or higher. Applicants must also have passed the unit KMQ152 Calculus and Applications 1A. Students who have obtained a pass in KMQ152, with a GPA of at least 2.4 but less than 2.67, may be accepted into the degree program with a *conditional enrolment*: this requires a student to successfully complete the first three scheduled units of their program to continue in the course

## FEES

Fees for the Bachelor of Engineering Technology (Civil) are KD750 per unit as per the ACK Fee Payment Schedule. In addition, textbooks must also be purchased. An Amenities Fee of KD70 must be paid each semester. Please note that ACK reserves the right to increase fees for future academic years.

## AWARD

This is an Australian accredited course and on successful completion of all requirements, a student will be awarded the degree of Bachelor of Engineering Technology (Civil).

## HOW TO APPLY

Australian College of Kuwait  
Student Admissions  
West Mishref  
Mubarak Al-Abdulla Al-Jaber Area  
Block 5  
Al-Aqsa Mosque Street  
Building 1  
Telephone: 2537 6111 ext 4018
